

# VACU-STACK® SPECIFICATIONS

## Vacu-Stack® Model VSS-RS (RAINSEAL™)

**WITHOUT SCREEN.  
INCLUDES BUILT-IN  
RAIN COLLAR.**

**Application:** Extra rain protection for round chimneys other than air cooled and for masonry chimneys using the ICP masonry adapter. This is the premier cap for solving common wind-related chimney draft problems caused by conditions such as hills and mountains in the vicinity, tall trees near the chimney, or tall buildings nearby.

**Standard Materials:** 100% austenitic stainless steel.

**Alternate materials:** Copper and Type 316 stainless steel for marine environments.
